

INTERNATIONAL EXHIBITION OF YARNS AND FIBRES
FOR WOVEN AND KNITTED FABRICS
FOR APPAREL, FURNISHING AND TECHNICAL TEXTILES

At FILO State of the Art Food

Textiles and food are two products of excellence made in Italy and recognized worldwide as state of the art examples.

At FILO, the international exhibit of fibres and yarns, the combination of the two is once again presented, thanks to the Food and Drink Group of Unione Industriale Biellese, which is enhancing the exhibit with a taste of Biellese food specialities.

If the 36th Edition of Filo is dedicated entirely to “State of the Art” products, “Taste Biella” cannot but strengthen the concept of the best products of the area with assorted cheeses from Botalla and the ones made by Pier Luigi Rosso accompanied by salami from the Gabba production, not to mention the baked goods from Biscottificio Cervo. Put into your glass some beer from Menabrea or the simple table water from Lauretana. There is also an assortment of wines such as Centovigne, Coste della Sesia Red doc, Miranda white made with a base of Erbaluce and Proprietà Sperino with its Lessona. Top it all off with a cup of coffee from Sabib.

In this edition to decorate the exhibition hall there will be specially made floral arrangements created by Christian Canterino *from Angolo del Fiore*, who summarizes perfectly the values of FILO: tradition, quality and innovation.

The 36th edition of FILO will be held on the **12th and 13th of October 2011** at the Le Stelline Congress Centre in Corso Magenta 21, 20123 Milan, Italy
