FOR APPAREL, FURNISHING AND TECHNICAL TEXTILES

Andrea Rosso at the 56th Filo edition

Sustainability, re-cycling of materials, circularity are central themes for textile industry, and they cover the whole 56th Filo edition as a fil rouge.

Sustainability will be at the centre of “Dialoghi di Confronto” in the Networking Area; one of the most awaited among the “Dialoghi di Confronto” is the Dialogo involving Andrea Rosso, Diesel’s sustainability ambassador.

Together with the journalist Elisabetta Invernici, Mr. Rosso will explore the state of things in the collaboration between fashion system and the upstream companies of textile supply chain to achieve really sustainable and traceable end products.

Mr. Rosso will bring to Filo his experience as entrepreneur and creative, his passion and his commitment to take actions in order to make fashion industry more sustainable, for the benefit of present and future generations.

“Dialoghi di Confronto” represent one of the most interesting initiative of the 56th edition of Filo. Please find here the whole agenda of the two days of meetings held during the fair (<https://filo.it/wp-content/uploads/2021/09/Dialoghi-di-confronto-2.pdf>).

We wait for you at **the 56th edition of Filo** scheduled on the 29th and the 30th of September 2021 at MiCo – Milan Convention Centre!
