Area per area ecco la 58a edizione di Filo

Filo displays a strongly efficient layout of exhibition's areas. Everything converges on the Area of "Dialoghi Creativi", gathering the "highlights" of exhibitors' products.

The Area of "Dialoghi Creativi" represents the "business card" through which each edition of Filo shows itself to the visitors: the Area is characterised by a particularly evocative setting up and it extends its dimensions in order to propose a wider range of products made by the exhibitors, so that buyers have the opportunity to plan their visit in the best possible way, by immediately detecting the exhibitors who mainly meet their needs.

Starting from this edition, the Area comprises the Quick Delivery Section, but also the one dedicated to "Un Filo per la maglia", since knitting proposals are increasingly an integral part of companies' collections. The general inspiration of the "Dialoghi Creativi" Area is based on the "[Languages](#)" proposed by Gianni Bologna (Filo's creativity and style manager). By focusing on the product and its possible developments, the inspirations of Filo's "Dialoghi Creativi" have a unique connotation in the panorama of textile fairs.

Totally dedicated to the "green" proposals of exhibiting companies is the Sustainability Area, which gives space and prominence to Filo's sustainability project, FiloFlow, which most of the exhibitors have now joined. To highlight its peculiarity, the Sustainability Area remains independent: it gains space and visibility, in parallel with the greater awareness on this theme shown by all operators.

Filo's Networking Area represents a space where to foster encounter and dialogue among the professionals participating in the 58th edition of Filo.

Next to the Area dedicated to "Dialoghi Creativi", the Networking Area of Filo hosts the opening ceremony of the 58th edition of Filo. The Networking Area also stages the "Dialoghi di Confronto", the short talks held by some of this industry's protagonists during the two days of fairs, designed to address highly topical subjects for textile industry.

The 58th edition of Filo takes place on September 14 and 15 at Allianz MiCo – Milan (via Gattamelata 5).
