FOR APPAREL, FURNISHING AND TECHNICAL TEXTILES

Filo61: What is on Show Area by Area

The appointment with the 61st edition of Filo is approaching: it is scheduled at Allianz MiCo Milan on 28 and 29 February 2024.

The Exhibition of Yarns and Fibers is characterised by a very functional layout of the exhibition spaces. The core of the exhibition site is the Area dedicated to the “Dialoghi Creativi”, which gathers the highlights of the products of the exhibiting companies.

The “Dialoghi Creativi” Area represents the business card through which each Filo’s edition introduces itself to visitors: throughout evocative installations, the Area proposes a wide range of the exhibitors’ products, so that buyers can easily detect those exhibitors who best meet their needs. It is not by chance that here it is also possible to find “Un Filo per la maglia”: indeed, proposals for knitwear have become an integral part of companies’ collections. Within the Area dedicated to “Dialoghi Creativi” there’s also the Quick Delivery Point.

The Area dedicated to sustainability, showcasing the increasingly important FiloFlow project, remains independent just to stress its uniqueness, in parallel with the increasingly awareness related to this fundamental issue. Beside the “Dialoghi Creativi” Area, there’s Filo’s Networking Area, a space born to foster encounter and dialogue among professionals visiting the Exhibition. The Networking Area is going to host the opening ceremony and the “Dialoghi di Confronto” - the short talks held by some protagonists belonging to the textile sector - which will be carried out during the two days of the fair, dealing with topical themes for textile industry.

The 61st edition of Filo will be held at Allianz MiCo – Milan, on the 28th and 29th of February 2024.
